

# The Power Brunch 3

Dear Potential Sponsor,

Exciting things are happening in our community and one of those is my annual Co-ed networking brunch, "The Power Brunch 3." On May 21st, 2023, at Lit Cigar & Martini Lounge from 11am to 3pm we will hold the largest networking community event with 225 men and women from Tampa and surrounding areas. Last year some traveled as far as from Georgia to be a part of this life changing event. "The Power Brunch" was designed to cultivate business relationships and connections that lead to the pouring of knowledge and POWER back into our communities. Bridging a gap between building business and our communities.

As the only female owner in Lit Cigar & Martini Lounge, an upscale Lounge in the heart of downtown Tampa, I also felt led to lead by and set an example, empower, and provide knowledge and resources for other young women and men trying to navigate through entrepreneurship. I was given this platform to fulfill a purpose dedicated to helping make change not just for adults but also for our youth. As one of the top 3 finalists for the "Small Business of the Year Award 2022" by the Tampa Bay Chamber of Commerce, I had to give back. While yes, our main goal is to provide a sophisticated nightlife experience to the athletes, celebrities, and professionals that we patron, I also recognize the importance of philanthropy by servicing and pouring back into my community. I am requesting your support and hope that you too will invest in our community by supporting the 3rd annual community event with a financial contribution. Your sponsorship will not only help provide the space to hold the attendees, but also to provide a warm and welcoming environment to learn business tools instrumental in building and growing entrepreneurship.
